### Sand and salt bin - PNS

Container with a capacity of 80 to 500 litres.

**The containers are designed for the storage of sand and salt, as well as sorbent. The containers can also be used at petrol stations in the event of an accident or to secure the site of a leak of petroleum-based substances, i.e. petrol and oils. There is a choice of seven different capacities in five colour variations.**

*The 400 litre and 500 litre storage containers have special openings to enable transport by forklift. As an option, they can also be fitted with an opening to facilitate shoveling out the sand.*

*The 80, 120, 160 and 250 litre containers can be fitted with a padlock hole on request. The 300, 400 and 500 litre containers can also be fitted with a locking bolt.*

### Advantages of the PNS container

- *Made of high-quality polyethylene*

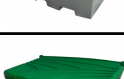

- Durable and resistant to mechanical impact, crushing and bursting
- UV-resistant
- Resistant to acids, alkalis, salts and most chemicals
- 3-year guarantee
