

Panettone Vertigo drinking water tank 3000l

**3,663.25 PLN tax
included**

Reference: -

Capacity: 500l, 1000l, 2000l, 3000l, 5000l, 7500l, 11000l, 15000l

Colour: Blue, Green, Terracotta, Grey, Granite

- PZH drinking water or rainwater tanks
- Capacity from 500l to 15,000l
- Choice of colours: granite, blue, green, grey, terracotta

Panettone Vertigo tank

[Tanks for drinking water](#), rainwater, above ground, for food liquids, chemicals, e.g.: glycol.

The new generation Panettone tank is used for the storage of foodstuffs : water, oil and wine. It has been approved by the PZH (Polish National Institute of Hygiene) for this purpose. Polyethylene is non-toxic, lightweight and very durable. The capacity range includes tanks from 500 to 15,000 litres. The range includes tanks in granite, grey, green, terracotta and blue. The water tank is very lightweight and therefore easy to transport and install.

Panettone tanks are made from low-density polyethylene (LLDPE) by rotational moulding. Rotational moulding is a process of

manufacturing tanks from a single piece, free of welds that could weaken the tank components and does not cause internal stresses. The polyethylene from which the tanks are made is completely non-toxic and does not encourage the growth of algae, making the tanks ideal for storing drinking water and other food liquids. The tanks are resistant to temperature changes (from -20°C to +80°C) and to atmospheric, chemical and physical agents. The tanks are not subject to corrosion or oxidation processes, which is excellent for their tightness. The tanks are lightweight, easy to transport and their installation is very simple and economical. **The tanks are stackable thanks to their special design. This greatly simplifies storage.** Panettone tanks are non-pressurised tanks. To regulate the inflow of water, a flow regulator must be used.

- An optional spigot hole can be provided.
- Tanks are certified with PZH approval.

Panettone Vertigo tanks are available in 5 colours:

- granite (standard)
- blue RAL 5015
- RAL 7037 grey
- RAL 6005 green
- terracotta RAL 8004

We have an extensive range of drinking water tanks, [Cisterna water](#) tanks or [Verticale water tanks](#) are just some of the many models. We recommend taking a look at our range!
